

OTTO JUNKER OPTIMIZES SALES AND SERVICE ACTIVITIES

Our production of plant and equipment for foundries and seminished product manufacturers is to be further optimized in the future. With this objective in mind, a restructuring of our business units and responsibilities is currently proceeding.

- Our ambition is to serve you even faster while providing the same high-quality advice you have come to expect from us
- By sharpening our profile, we gain the ability to address your wishes and requirements even more effectively in the future
- As the Operative Management Team, we stand ready to serve you with our proven and innovative products and services any time
- We shall get in touch with you soon to introduce ourselves in person

Members of the Operative Management Team for Equipment Manufacturing and Service (see page 2) are: Atilla Somuncu, Thomas Voss, Klaus Schmitz, Rudolf Schwarz, Horst-Ludwig Naas, Walter Gombert, Klemens Peters, Jörg Paradies, Paul Klinkhammer and Raimund Steinbeck.

With this new organization, OTTO JUNKER GmbH lays the foundation for an even better cooperation. In the next issue of OTTO JUNKER News we will inform you in detail about the present developments.
